Mr. Brian F. Murphy

- ExpressView**
Explore data and get quick answers using drag & drop in a highly-interactive designer.
- Advanced Report**
Create reports containing charts, maps, gauges, and images. Add group sections to provide more flexibility in how data is displayed.
- Dashboard**
Create an interactive canvas containing reports, visualizations, images, charts, maps, gauges, text and web pages.
- CrossTab Report**
Create reports that pivot data. The number of columns and rows in the crosstab expands based on the data itself.
- Chained Report**
Combine multiple related or disparate reports into a single export.
